NEW STAFF GUIDE

Working in post-school education is one of the most rewarding professions there is but starting a new career can be daunting.

The UCU **early careers** guide is for those who are new to or considering a career in further or higher education. It contains professional guidance on:

- finding the right job
- what to expect when you start work
- tips on getting the most from your career
- practical advice on what to do if you have a problem at work

This is an invaluable resource which will assist you throughout the early stages of your career.

In addition to material provided by trade union and education professionals there are contributions from younger members, so the guide is based on the real experience of staff in further and higher education.
