

Building an **anti-racist** environment

ACCESS DENIED

BARRIERS TO PROGRESSION

The UCU Witness survey of BME members reported that:

- nine out of ten (90%) respondents had often or sometimes faced barriers to promotion, across further and higher education
- half (50%) of the respondents across both sectors did not agree they had been fully informed of the process of applying for promotion
- three-fifths (59%) across both sectors reported that senior colleagues and managers had not supported them in seeking to progress their career. Just over half of respondents (52%) across both sectors did not see a positive future for their career with their current employer.

Is this something you recognise in your branch? Let's remove the barriers to progression.
