## UCU Green New Deal

- Climate emergency and associated policies
- Industrial relations – recognition and reward of green reps
- Climate proofing curricula and providing training
- Energy and carbon management
- Ethical investment, banking and pensions
- Food and land use.

# Case study

## University of Liverpool

Liverpool has shaped their own Green New Deal based on the UCU Green New Deal and working with their Students' Guild for a whole institution approach.

## What can I do?

### Tell us what your branch/uni is doing

We'd love to know what your branch or university is doing on climate and sustainability, so we can link you up, share great ideas and inspire one another: [environment@ucu.org.uk](mailto:environment@ucu.org.uk)

### Training on climate & sustainability

Sign up for UCU CPD focused on climate and sustainability regardless of prior knowledge or branch position:

<https://cpd.web.ucu.org.uk/climate-and-sustainability/>

### Recruit a green rep in your branch

Nominate a green rep - or reps - to help take forward a Green New Deal claim and fight on other local climate and sustainability issues.

Anyone can join the green reps mailing list:
