

Are you a researcher at Leeds University?

ALL RESEARCHERS ARE INVITED TO THE LAUNCH OF UCU'S NEW RESEARCHERS' SURVIVAL GUIDE

Thursday 17 April - 5pm onwards - Parkinson Court

The researchers' survival guide is a new tool containing practical advice for researchers in the modern higher education workplace. Written by researchers, for researchers, it contains advice on your rights in the workplace, your employer's duties, career development, networking and publishing. Every researcher should have a copy!

We are launching UCU's new guide at an informal social event open to all researchers.

Join us and pick up your copy.
