- What is outsourcing?
- Who outsources?
- Why outsource?
- How far would you go?
- What to outsource?
- What not to outsource?
- Why it goes wrong & making it succeed
- Outsourcing for universities - Different?
- The contract
- Management
- Summary

# What is outsourcing?

MARTINEAU JOHNSON

Outsourcing is the transfer of the operational responsibility for certain services to a third party.

# Who outsources?

MARTINEAU JOHNSON

- Traditionally only big business
- Now more accessible to the rest of us
  - SME's
  - Universities

# Why outsource?

MARTINEAU JOHNSON

- Cost saving
- Increased quality
- Focus on core competences
- Increased reach
  - E.g. international profile and brand
- Access to private funds

# How far would you go?

MARTINEAU JOHNSON

- Keep control of core competences
- Only if the law allows
- Risk of poor performance
- Losing control

# What to outsource?

MARTINEAU JOHNSON

Some familiar examples:

- Accommodation
- Catering
- Cleaning
- Facilities management
- Finance and accounting
- HR and payroll

# What to outsource?

MARTINEAU JOHNSON

And some less familiar:

- English for academic purposes
- Contractual/commercial research
- Whole departments?

# What not to outsource?

MARTINEAU JOHNSON

- Core activities
- Control of the brand
- What you are best known for.

# Why it goes wrong & making it succeed

MARTINEAU JOHNSON

- Cost overruns
- Decline in quality
- Damage to brand
- Change of people
- Provider taken over
- Clearly define outsourcing goals
- Specify requirements thoroughly
- Select providers with great care
- Ensure contract does its job
- Manage the relationship

# Outsourcing for universities - different?

MARTINEAU JOHNSON

Conceptually not greatly BUT  
Some sector specific issues:

- QAA code of practice
- Asset disposal
- Privatisation

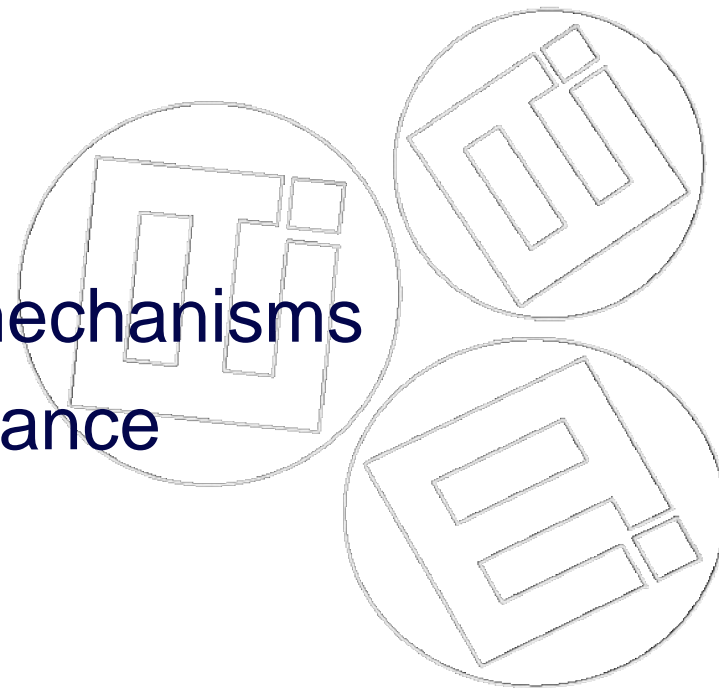

# The contract

MARTINEAU JOHNSON

- Use your own document
- How long should it last?
- Consider transition
  - How does it start
  - What happens at the end
- Make it flexible – change mechanisms
- Align risk, liability and insurance

# Management

MARTINEAU JOHNSON

- KPIs
- Suitable remedies for non-performance
- Appropriate in house resource
- Constant management and review

# Summary

MARTINEAU JOHNSON

- Outsourcing of services well established
- How far to go?
  - Ethics versus profits?
  - Regulatory
- Benefits
  - Brand
  - Attracting high calibre students
- Risk management
