

Full time, part time, agency staff & student teachers can join UCU at www.ucu.org.uk

Outstanding against Banding: Outstanding Industrial Action!

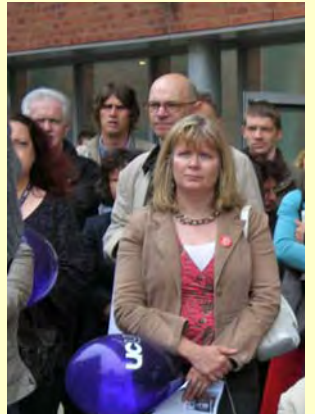

UCU lecturers & managers, along with colleagues in various college business support roles and other staff, recently took the principled decision to strike in support of fair pay & equitable conditions for new teachers. Pickets at all sites were effective & Colin Gledhill (UCU Regional Official) visited several. At a rally on Myrtle St speakers included Ian Slater (Liaison Secretary), Mark O'Brien (Liverpool University UCU), Mike Hogan (UNISON), & Sasha Callaghan (UCU National President 2008-09). All stressed that an attack on one is an attack on all, & that this campaign reflects similar threats across the sector to the conditions of all staff, & to the quality of our provision to students. Widespread media interest included interviews on Radio City & Radio Merseyside, and five articles in the Liverpool Echo & Daily Post between 2nd – 9th June about the strike & subsequent protest picnics. Liaison Committee will meet shortly to finalise plans for the next stage of the campaign.
