Support your UCU

Campaign petition

We the undersigned note the key role that union reps play in resolving conflicts, solving workplace problems and promoting fair treatment of all staff on our campus, and further note that reps need proper allowances for time off to perform this vital function. We therefore support the University and College Union's campaign to win more time off for reps and call on our employer to talk to UCU about how to ensure that reps receive adequate time and facilities to do their job.
