

JOIN YOUR UNION TODAY

UCU is the union for academic and academic-related staff in the UK. That includes:

● lecturers ● researchers ● librarians ● IT and admin staff.

Postgraduates who teach or are planning a career in higher education can also join UCU.

If you are facing a problem such as bullying, or are worried about redundancy or restructuring, we can help. If you are employed on a fixed-term contract we can help ensure you get the most from your career.

As a member of UCU, you have the support of trained local officers and access to legal advice and representation.

But don't wait until you have a problem, join us today.

Remember, the more staff who join, the more we can achieve.

**Join online at:
