MRC's terms for Redundancy/Severance Compensation

Issue 4

Further to our previous communication the MRC trade unions (TUS) have now concluded their ballot on the proposed changes to the MRC redundancy compensation provision. In response to the ballot the MRC will now implement the revised redundancy terms as detailed in the proposal document. This will be effective from 26 September 2011.

Next steps

The TUS and MRC are currently working on the Policy development for Redundancy and Redeployment Policy ('Green Book') and Compensation ('Blue Book'), which will be introduced in due course.

Whilst these new policy changes are being introduced, there will be transitional arrangements in place.
